\* Unit colours may vary.

Ouellet Canada wants to inform you that a Notice to Discontinue Use has been issued by Canada's leading manufacturers of portable heating units and economical unit heaters. This safety notice is the result of a consultation between the four companies listed in the **Industry Safety Notice**. Measures with Health Canada are also being taken.

Products of 4,800 Watts and over, **manufactured before April 2016**, are affected by this advisory.

We assure you that the heating elements we use from April 2016 are completely safe.

The following is a list of affected models:

Brand	Model Numbers
 <b>OUELLET</b>	OCC4800
	OCH4800
	OCH4800WB
	OCH4800RF
 <b>Global Commander</b>	OAE5000T
	CCG4800
 <b>ELECTRIMART</b>	CHG4800
	ECH48
	CH48

For your safety, please disconnect these units and stop using them immediately.
