

Traditional Style Baseboard Heater

PEG Series

Features

Color

- Standard: white.
- Optional (upcharge applicable): almond, metallic silver, bronze, metallic charcoal, aluminum, semi-gloss black, sand.

Finish

- Standard: epoxy/polyester powder coat paint.
- May be repainted with any interior paint.

Voltage

- 240/208V, 1-phase.

Construction

- Robust 22-gauge steel body.
- Sturdy 20-gauge steel front panel.
- Welded 20-gauge steel connection box.
- Rounded corners.
- Linear high-limit temperature control with automatic reset.

Heating element

- Stainless steel tubular heating element with aluminum fins.
- Floating heating element on high-temperature nylon bushings reducing expansion noises.

Watt density

- Average standard watt density of 275W/ft.

Control

- Built-in thermostat kit can be installed at either end.
- Global Commander highly recommends using an electronic wall thermostat for greater comfort and efficiency.*

Installation

- Installation directly on the floor.
- No need to disassemble for electrical connection or wall attachment.
- Built-in single-screw wire holder on the back for quick connection box access from either end.
- Two rows of oval mounting holes with centering mark for ease of installation.
- Raceway and side knock-outs for baseboard interconnection.

Warranty

- 1-year against defects.
- Lifetime on the heating element.

Application

- Kitchen, living room, family room, bedroom, bay window, commercial building, office building, condo, restaurant.
