

HANDY HEATING!

This heater is designed for workplaces requiring temporary back-up heating such as: construction sites, workshops, garages, etc. The CCGU4800AM-MF-TB6 model features a totally enclosed motor that prevents dust accumulation, thereby increasing the lifespan of the heater.

Portable Heater

STURDY AND DURABLE CONSTRUCTION

- Heavy duty 6 ft. (2 m) electric cable with moulded plug.
- Nichrome element provides instant heat.
- Lifetime-lubricated motor; no maintenance required.
- Baked epoxy/polyester powder coating providing an ultra-durable, easy-to-maintain finish.

REQUIRES A GROUNDED 3-PRONGED OUTLET

NEMA 6-30R
30A, 250VAC

Portable Heater
